
ACTIVITY 17

Name _____

A CHANGE IN THE WEATHER

Observe the film carefully, paying particular attention to one animal or plant. When the film is over, write your observations about what the plant or animal is doing during each of the seasons.

The organism I chose to observe in the film is _____.

Draw a picture of it here:

This is what it was doing during each season:

Spring: _____

Summer: _____

Fall: _____

Winter: _____
